Will Mr. Rosenroll Explain?

The news of the location of the court house site here, came as a great revelation to the citizens of Wetaskiwin. The Hon. Mr. Cushing, minister of public works, spent a few hours in the city a few days ago, but as he was interrupted by the members of the Liberal Association, who were on a preliminary conference, only two or three knew the nature of his mission. But this week it was announced that the site for the court house had been located, and that the Hon. Mr. Cushing had been in the city for that purpose.

The site chosen is not only one of the best obtainable and would likely have been finally chosen, but the citizens have a right to know what steps were taken, and what the reference was brought to bear to have this public building located in the manner it was. Why would one citizen be allowed to manage the location of such a building in the city without calling a meeting, or even a titling the members of the Liberal Executive know that a site was to be chosen at this time? Such an in-the-lap tactics might be all right for some places, but such underhand dealing cannot be tolerated by the enlightened citizens of Wetaskiwin.

So far as is generally known only two sites were submitted for the consideration of the Minister of Public Works. One was the Rossall time base yard, and the Wetaskiwin representative being personally interested in this site, it could not be considered by the Hon. gentleman. The other site was the Gullstock block, and the representative of the Liberal Executive, the price asked for this site was \$1,100, or \$400 a lot.

It is now reported that Mr. Cushing thought this price too high, and declined to purchase the site. A few citizens had noted this, and the reason and agreed to submit the difference between the price estimated by the Minister of Public Works and the price asked. However, all that can be found out is that the deal was consummated.

Why was the Liberal Executive not consulted in this matter? Of what use is the Executive unless it is to consider matters of this kind, which by the way, has not been seen into the confidence of the people since his election?

But in order to have Mr. A. S. Rosenroll, M.P.P., explain the situation thoroughly, we will allow him an unlimited amount of space in next week's issue of The Times to answer the following questions:

How many votes were submitted to the Hon. Mr. Cushing? Where are they located, and what were the prices asked?

Why was not a meeting of the Liberal Executive called to first consider the matter?

How many citizens were consulted regarding the deal? If there were a dozen, who were they?

Were there any money paid by private subscriptions to aid in purchasing the Gullstock block? If so, whose the subscribers were, and what were the sums given by each?

The citizens of Wetaskiwin have a right to know these things and will therefore expect Mr. Rosenroll's reply to appear in next week's issue of this paper.

Wetaskiwin Cricket Club

Thursday the 22nd was the Civic holiday, and though a majority of the citizens availed themselves of the opening of duck shooting to leave the city, there was a large number of good players to watch the first match played by the Wetaskiwin Cricket Club against the Bittern Lake XI.

The weather was by no means cricketing weather but the players were sufficiently enthusiastic to brave the terrific wind and dust and turn out in full force.

The bleachers were filled with a most appreciative audience, mostly ladies. Every effort was due to them for their moral support under such trying circumstances.

Stumps were pitched at 10:30 and Bittern Lake went to bat by 11:05 the side were all out for a total of 40. One or two of the batsmen had very hard luck especially W. T. Roper, H. S. Barnes and P. Stockdale. The feature of the innings was the stand made by E. C. Roper, who was ultimately disposed of by a fine catch in the slip.

The home XI started to bat in fine weather and things did not go so well as expected, the Bittern Lake bowlers being right on the wicket, however, thanks to Montgomery, Birch and Roper, the total of 55 was reached.

In the second innings Bittern Lake was apparently to stop there, notwithstanding all the changes of bowling, and things looked dark for Wetaskiwin. W. T. Roper and P. Stockdale were out and defeating all kinds

of bowling for a time. The captain ultimately desired his innings closed with a total of 53, thus leaving the home XI fifteen to get to win and overhauling 50 minutes to do it in. As will be seen by reading the scores they did it with 5 wickets to spare. Thus the first match played was a victory for the W. C. C.

The Wetaskiwin Poultry Fattening Station

The Government of Alberta is to be commended in its efforts to obtain the best markets for the products of the Alberta fowls. Poultry fattening stations are now being established at several of the leading points in the province, including Wetaskiwin. These stations will be conducted along similar lines to those of the creameries in that the government pays a liberal advance sum for the chickens, fattens them at the least cost, and disposes of them at the highest price, giving the farmer the profit. The station will be opened here about the first of September and will be under the supervision of Mr. A. W. Foley, who recently resigned the superintendency of the Dominion government.

The following is the plan of operation:

1. All poultry must be delivered alive and free of charge at the fattening stations at such times as may be required by the Department of Agriculture.

2. Only spring chickens will be accepted unless arrangements have been made for fowl.

3. All chickens must weigh at least from three and a half to four pounds each.

4. In case will cock birds, crippled, deformed, sick or diseased birds be accepted, and the operator in charge of a fattening station may refuse to accept any birds which, in his opinion, are unsuitable for fattening purposes.

5. The crop of all birds must be empty when received at the station and before being weighed. (This is most easily attained by cooping the birds the evening previous to delivery.)

6. All birds will be weighed alive on delivery at the station and the seller given credit for the total weight.

7. The Department of Agriculture agrees to provide suitable accommodation and efficient management for such co-operative poultry fattening stations as may be established and to properly grade and fatten the birds accepted from patrons, and to market the same to the best advantage.

8. The Department of Agriculture agrees to keep an account of all revenue received from the sale of poultry, and after deducting the amount of the original advance, and the actual cost of fattening and marketing, to return the balance at the close of the season to the patrons in proportion to the weight of poultry received from each.

Increased Representation

Ottawa, Aug. 24.—There is little doubt that the representation of Alberta and Saskatchewan in the House of Commons will be raised to ten members each. The census which is now being taken will show the population has increased to such an extent that the above enlargement of representation must be made under the acts by which Alberta and Saskatchewan were given provincial autonomy.

Manitoba, however, will have to wait for decennial count in 1911 for a re-adjustment of seats, although they are entitled to four or five more.

A bill to increase Alberta and Saskatchewan representation will probably be introduced at the next session.

Leduc Agricultural Fair

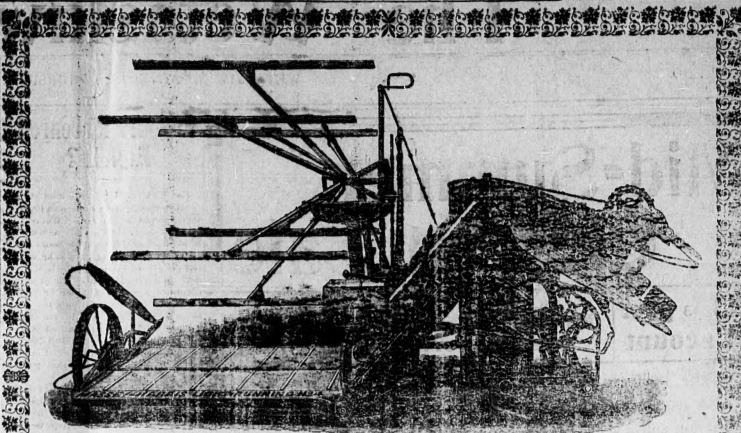

The first annual fair under the auspices of the Leduc Agricultural Society was held on Tuesday, and all concerned pronounced it a great success. The exhibits reached a very high standard of quality, some of the first prize winners at Edmonton are getting second place. This is a very encouraging start.

Horse and pony races, baseball and football games and athletic sports were held in the afternoon and evening, and the Strathcona Fire Brigade Band provided music. In the evening an open air concert took place, and the audience was addressed by a number of speakers, including Premier Rutherford, Dr. McIvor, M. P., and Mr. E. Telford, M. P. P.

Winnipeg, Aug. 14.—The party of Canadian and American grain dealers and bankers returned this morning from a tour over the grain growing sections. They were positively delighted with the crop prospects. Scarcely two of them share the same opinion of the probable yield of wheat, and estimates varying from seventy-four to ninety-seven million bushels were made, but the majority centre around eighty-four to eighty-five million bushels. The grade is good.

DISTRICT NEWS

Gathered by our wide-awake Correspondents.

Silver Creek

Harvest is in full blast in the busy district of Silver Creek.

Mr. Ellington's have just purchased two new binders. So that shows the crops are good.

Mrs. Yates is visiting her daughter in Wetaskiwin.

Mrs. Ellington is in Camrose, at present having gone through an operation. We hear she is nicely improving under the care of Dr. Stewart.

Mrs. Cole has been very ill and not improving very fast.

The picnic that was to be at Silver Creek's picnic camp off the 16th. It did not go as planned.

A very enjoyable evening was spent at Mr. Allan's, Aug. 10th, at the dancing party. Two new members were present, one from Camrose the other from Dried Mill Lake. Still there is another coming as we understand there is to be one given in honor of Mr. P. B. Ware.

I wonder what makes some folks look so happy. Perhaps we will see later.

Miss Frane is spending her vacation visiting her friends at Mannville and Edmonton.

Bawlf

Bawlf, the new rising town of the Midland district, will soon be incorporated and act as an independent borough.

The C. P. R. station is erected with a spacious platform running some 300 feet along the track, giving the town a good fronted appearance.

A two-story school is being built. Vestibules and hallways are provided by an addition in front, giving two large rooms of clear space for school purposes.

Two residences, those of Mr. Grove and Mr. Urm, are in building and shortly two business firms will extend their premises.

It is supposed that we will receive our mail three times a week by train. This is better than the stage process, but still will not give satisfaction as mail posted to local points will have to go to Wetaskiwin to be re-posted to destination. The people along the line will not be satisfied with less than a daily service, and in order to make it feasible a mail clerk should be put on who can look after the mail distribution on the train as well as be sent to distribution of mail bags. The attention of the postal authorities should be directed to this fact and it is brought to bear to see that it is accomplished. It was given out some time since that a riding headed by C. J. Day would march to Okavua to attack the postal department. Bawlf would give the aid of her horse band and we have no doubt of the result.

Real estate is in the move. Messrs. Bradley & Co. make a good turnover in time late in the past week.

Mrs. L. B. and Miss M. Kirkpatrick, who are visiting most of the week, will return shortly and spend a few days at the capital, accompanied by Mrs. J. A. Fraser.

Miss Jean Fraser has been visiting her sister, Mrs. J. Bradley.

Mr. W. H. McLeod of Calgary is teaching at the High School house.

Bears' Hill

The young people of this neighborhood gathered at the home of Mr. John Berry on Wednesday evening of last week, it being the birthday of his son, Henry. The intention was to surprise the boys and in this they were successful. The evening was a happy one, and the boys were very much surprised.

The Mother's Prayer

Starting forth on life's rough way.

Father guide them;

Oh! we know not what of harm

May befall them!

'Neath the shadow of Thy wing

Father hide them;

Walking, sleeping, Lord, we pray

Go beside them.

When in prayer they cry to Thee,

Do not hear them;

From the shadow of sin and shame

Do Thou clear them;

'Mid the quicksands and the rocks

Do Thou save them;

In temptation, trial, grief,

Be thou near them.

On to the weary long way,

Lord, receive them;

In the world we have must be

Much to grieve them;

Many striving oft and strong

To deceive them;

Trustful, in Thy hands of love

We must leave them.

DOAN'S KIDNEY PILLS.

Kidney trouble, no matter of what kind or at what stage of the disease, can be quickly and permanently cured by the use of these wonderful pills. Mr. Joseph Leland, Alima, S.W.T., recommends them as follows: "I was troubled with dull headaches, had frightful dreams, terrible pains in my legs and back. I took DOAN'S KIDNEY PILLS recommended for just such annoyances as mine. It occurred to me to give them a trial, so I purchased a box and took them. I was very much surprised at the effectual cure they made. I take a great deal of pleasure in recommending them to my friends."—Advertisement.

Seagram's Horses

Through the courtesy of A. C. MacLachlan, western representative of Joseph H. Seagram, the well known distiller and horse owner, the Criterion hotel is the possessor of a splendid engraving of the winners of the Queen's Plate for eight years in succession, which is run on the 24th of May on the Woodbine track under the auspices of the Ontario Jockey Club. This race is for Canadian bred three-year-olds. Over forty years ago Queen Victoria gave a fifty guinea prize for this race, and it has been continued ever since, latterly by King Edward. In addition, the Ontario Jockey club gives a valuable cup and a \$1000 purse. Mr. Seagram on the Queen's plate for eight years in succession, from 1891 to 1898, with the following horses: Victorius, O'Donoghue, Martello, Joe Miller, Bonfield, Millbrook, Ferdinand and Bon Inn. Mr. Seagram also won in 1900 with Dalmor, in 1901 with John Ruskin, in 1903 with Inferno, and last year with Slaughter. All these famous horses, with the exception of Slaughter, are pictured in the engraving above referred to. Mr. MacLachlan's opinion of Inferno is that, if nothing goes wrong, he will show that he is the best horse in America.

Youngstown

Mr. W. White has had a nice frame house built on his homestead this last few weeks. By the way he is using in construction he must be expecting a Mrs. White. We hope so anyway.

Some of our neighbors are very busy cutting grain this last week which is in fine condition.

Mr. Alf Stowell has been busy cutting hay this last week.

Mr. and Mrs. Keble and family have settled on their homestead and are getting things into shape.

Mr. Hayward has built a new house on his homestead, but says he must build another and two stories high so as to have lots of room. I wonder if he expects visitors from the old country.

I see our neighbors up north have got the roads laid out and a good break along same. They have also done the same on the south side. Now what's the matter with Youngstown?

TOWN TOPICS

Miss M. R. Moore, B.A., of the Alexandra school staff, returned on Sunday from her vacation trip east. She visited friends in several Ontario points and in Winnipeg, Regina and Calgary.

Small & Bathie last week sold their tailoring business to Messrs. Chas. Boyer and John MacEwen, of Clinton, Ont., the latter taking charge at once. The new owners are first class workmen, and being enterprising young men will no doubt do well in their venture.

Mrs. D. A. Sharpe left today (Thursday) for her old home in Prince Edward Island where she will spend several months with relatives and friends.

Miss Major returned from her trip to the coast on Saturday to resume her position on the teaching staff of the Alexandra school.

The August issue of The Cornet Band Journal, of Cleveland, Ohio, contains the following paragraph, which shows that a brass band does much to advertise the city: "We received a few days ago a fine large photo of Atkinson's Band, of Wetaskiwin, Canada, taken on the day of their inauguration. It is a splendid picture of a fine looking band and we thank them very much for it. This great northwest Canada is right up to date in all they do and there is no reason why they cannot have just as good bands there as in any other part of the world."

Jackson—Allin

A very pretty event took place at the home of Mrs. D. D. Hanna, Pleasant Prairie, on Friday afternoon last, when her niece, Miss Nellie Allin of Sutherland, Ont., was united in marriage to Mr. J. Albert Jackson of Vegreville. The bride was escorted by her sister, Miss Linda Allin, while Mr. Gidding of Vegreville, a friend of the groom, performed the duties of groomsmen. Rev. C. G. Austin of Wetaskiwin tied the nuptial knot and Mr. L. D. Hanna of Wetaskiwin gave the bride away. The ceremony was performed in a rustic bower just outside the house, which was appropriately decorated for the event. Only a few relatives were present. After a very tasty luncheon had been partaken of the happy party drove to the Wetaskiwin station where the newly married couple, and Miss Linda Allin, took the evening train for Banff on a brief honeymoon. Mr. and Mrs. Jackson will return to Wetaskiwin this week for a short visit before proceeding to Vegreville where they will make their future home, while Miss Allin returns east to resume her position as principal of the Bowmanville High school. That the bride and groom may have a long, happy and prosperous life is the wish of their many friends.
